GitHub: github.com/JDouglasR | Portfolio: jdouglasr.github.io/Portfolio

FULL STACK WEB DEVELOPER

Full Stack Developer with experience bringing web applications from conception to completion. This coupled with a background in Hospitality, Beauty, and Performance industries gives me a novel perspective bringing empathy and communication to understand a client's needs.

TECHNICAL SKILLS

Languages: SQL, JavaScript, JQuery, CSS3, HTML5, JSON

Database: MySQL(Sequelize), MongoDB(Mongoose), IndexedDB,

Other: Heroku, Git, Bash

PROJECTS

Dinner and a Show - jdouglasr.github.io/Dinner-and-a-show | github.com/JDouglasR/Dinner-and-a-show

2020

Web app that displays restaurants nearby to concerts and festivals

- Led JS team to create a site that takes user search inputs to search for a concert and return relevant information about the chosen concert and nearby restaurants.
- Tools used: HTML5, CSS3, Halfmoon CSS Framework, JavaScript, jQuery, SongKick API, Google API (location services), and Zomato API and Widget.

Build&Flex - projecttwo-cwru.herokuapp.com/ | github.com/JDouglasR/Build-Flex

2020

Full-stack web app that tracks fitness goals.

- Designed UI/UX for a web-app that is for users who want to create a walking challenge for themselves and keep track of the progress.
 - Tools used: HTML5, CSS3,, JavaScript, jQuery, Handlebars, Sequelize, Express, Passport, Bootstrap, Node.
-

EXPERIENCE

Freelance

Hair Stylist

Cleveland, OH

2011-2020

Built a cult following based on high ethical standards and strong technical proficiency. Worked with high-profile organizations to create and execute looks based on marketing strategies. Cultivated a positive workplace culture due to superior customer outreach, follow up and support, and team learning environments.

KEY ACHIEVEMENTS:

- Liaised with the Cleveland Cavaliers Entertainment to customize looks for teams.
 - Leveraged my experience to create programs for salons offering in house education.
-

EDUCATION

Bootcamp Certificate in Full Stack Web Development

Case Western Reserve University – Cleveland, OH

A 24-week intensive program focused on gaining technical programming skills in utilizing the MERN stack and respective libraries and frameworks.
